Allowable Subject Matter

1. Claims 2-16, 17, 33, and 36-38 are allowed.

The following is an examiner's statement of reasons for allowance: the references cited disclose a package having a substrate, the substrate having a pocket, an overflow reservoir, a mating surface, a component, a runner surface, a sealing encapsulant, and some other claim elements. However, they do not disclose or render obvious in combination of an excess encapsulant within the overflow reservoir of the substrate having an exterior surface below the mating surface (claims 2-16, and 33), the sealing encapsulant having an exterior surface coplanar with the mating surface (claim 17), and the sealing encapsulant extending over and above a runner surface (claims 36-38).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
